

BOARD OF SEWER COMMISSIONS – MINUTES 2017
November 13, 2017

Meeting opened at 4:30 P.M.

Present: William Mendoza, Paul Joly, Carol Beauregard, Supt. Harold Gracia and Dianne Curtis.

Minutes: Minutes of October 30th were approved.

Bills were signed.

Update on Stonegate Landing Plans: Richard Feodoroff dropped off a set of plans which he previously sent to AECOM for their review. The Zoning Board of Appeals is meeting on Wednesday, November 15th, to discuss a change in the Stonegate Landing Pump Station Plans.

Superintendent's Report:

There was discussion regarding a call from George Block from Tibbetts Engineering regarding the Park Street Pump Station Upgrade Project. Mr. Block stated three items that may need attention:

- 1.) The wet well only has 1 sensor, but should have two. This was an oversight in the design. He estimates the cost to be approximately \$2,000.00.
- 2.) Change Order: Water meter and blow device are not needed which would credit the Sewer Department \$1,800.00.
- 3.) Mr. Block recommends painting suction and discharge pipes if the money is available. Mr. Block will get an estimate if the Board agrees.

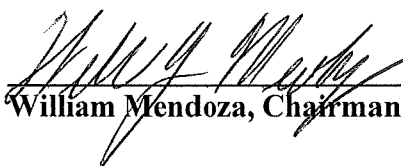

The Board would like to notify George Block that they are going to wait on the first and second items.

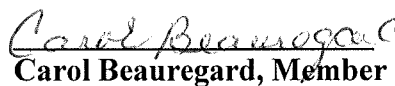

The Board requested that Dianne Curtis obtain quotes from Highland Power for the generator maintenance.

Carol Beauregard motioned to adjourn at 5:18 P.M.; Paul Joly seconded; all ayes. Meeting adjourned.

Respectively Submitted,

Minutes taken by Dianne Curtis. Transcribed by Joelle Anger.

William Mendoza, Chairman

Carol Beauregard, Member

Paul Joly, Clerk
