The board viewed the stonewall in question at the rear corner of 2298 and 2308 Pleasant Street. The stonewall was viewed by board members from each side while property owners remained on their respective properties. Noted was that the stonewall was not perfectly straight. It appeared that stones had fallen onto the McKeon property over the years. A "NO TRESPASSING" sign was erected within the stonewall and faced the McKeon property. Once finished viewing and getting history on both sides of the stonewall, the board and property owners to 1059 Somerset Ave. to discuss their findings.

The site visit ended at 10:20 a.m.

Respectfully submitted,

Nancy J Goulart, Clerk
