

Dighton Community Electricity Aggregation Program

Dear Dighton Electricity Customer,

The Town of Dighton is offering Dighton Community Electricity Aggregation (Dighton CEA), which provides new Town-vetted options for electricity supply. National Grid will continue to deliver your electricity, however, the electricity supplier was chosen by the Town of Dighton through a competitive bid process that leveraged the bulk-buying power of our community, understanding that savings cannot be guaranteed.

You will be automatically enrolled in the Dighton CEA product, “Standard,” as of your next available electricity meter read, unless you choose one of our optional products or choose to opt out.

To opt out and avoid automatic enrollment in the Dighton CEA Program, you must do one of the following before September 18, 2023:

-  **mail and postmark the enclosed opt-out card**
- OR**
-  **call Constellation at (833) 461-0813**
- OR**
-  **submit the opt-out form at MassCEA.com/Dighton**

Participants may also opt out of Dighton Community Electricity Aggregation at any time during the Program without penalty. Please read further to learn more about Dighton Community Electricity Aggregation.

— Michael Mullen, Jr., Dighton Town Administrator

DIGHTON CEA GOALS

Competitive and Stable Prices

All Dighton CEA prices are fixed through December 2023, whereas National Grid Basic Service prices change every six months for Residential and Commercial customers, and every three months for Large Commercial and Industrial customers. Dighton CEA offers options that are intended to be price-competitive with National Grid Basic Service, however, **savings cannot be guaranteed**. This is because Basic Service rates are not known for the entire period of Dighton’s contract, and may therefore be above or below Dighton CEA rates in any given period.

No Obligation

Dighton CEA includes the ability to leave the Program at any time without penalty.

Electricity Choice

Dighton CEA offers three different electricity supply choices with different levels of renewable energy certificates (RECs) to match your budget and climate goals.

DIGHTON CEA PRODUCTS

Standard Product

Standard: This is the **standard product** that you will be automatically enrolled in if you do nothing. The goal for this product is to be equal to, or lower than, the average National Grid Basic Service rates over Dighton’s contract term. However, as Basic Service rates change, **savings cannot be guaranteed** for any given period.

Other Products

Dighton CEA also offers two optional electricity products, each with differing amounts of RECs relative to mandated requirements. To enroll in any of these optional products, you must contact the supplier, **Constellation**, at (833) 461-0813, or sign up on the program website: MassCEA.com/Dighton.

50% Green: This is an **optional product**. It includes fifty percent (50%) more Renewable Energy Certificates (MA Class I RECs) than required by the Commonwealth.

100% Green: This is an **optional product**. It includes Renewable Energy Certificates (MA Class I RECs) equal to one hundred percent (100%) of a customer's electricity consumption, in addition to the minimum number of RECs required by the Commonwealth.

GREEN

Products described as Green contain additional Renewable Energy Certificates (RECs) above that required by MA law. The additional RECs qualify for MA Class I designation from generation located within, or delivered to, New England.

DIGHTON CEA PRICING

	Electricity Supply Product	Renewable Energy Certificates (RECs)	Residential	Commercial	Large Commercial and Industrial (C&I)	Price Period
Dighton CEA	Standard	Meets minimum MA Class I requirements	\$0.10470/kWh	\$0.10470/kWh	\$0.10470/kWh	October 2023 - December 2023 Rates apply to service beginning and ending on the days of the month that your meter is read
	50% Green (optional)	50% greater than MA Class I requirements	\$0.12244/kWh	\$0.12244/kWh	\$0.12244/kWh	
	100% Green (optional)	MA Class I RECs equal to 100% of customer's metered consumption	\$0.14019/kWh	\$0.14019/kWh	\$0.14019/kWh	
What You Have Now	National Grid Basic Service	Meets minimum MA Class I requirements	\$0.14115/kWh	\$0.13393/kWh	SEMA \$0.10744/kWh	May 1, 2023 - October 31, 2023 Residential and Commercial* August 1, 2023 - October 31, 2023 Large C&I*
<p>No guarantee of savings. National Grid Basic Service rates for electric supply change every six months for Residential and Commercial customers, and every three months for Large Commercial and Industrial customers. National Grid Basic Service rates may be above or below Dighton CEA rates for customers during any given period. Program prices could also increase as a result of a change in law that results in a direct material increase in costs during the term of the electric supply contract.</p> <p>Rates indicated above are for Supply Services only. Commission fee for all Dighton CEA products is included in above rates. This fee is \$0.001/kWh for the aggregation consultant. Rates also include taxes which are billed as part of the power supply charge.</p>						

DIGHTON CEA PARTICIPATION

To enroll in the Dighton Community Electricity Aggregation Standard product, you do not need to take any action. To enroll in an optional Dighton CEA product, contact the supplier, Constellation, or use the online form at [MassCEA.com/Dighton](https://www.masscea.com/Dighton). If you don't wish to participate, mail and postmark the enclosed opt-out card on or before **September 18, 2023** to avoid automatic enrollment in the Dighton CEA Program.

Budget Plan or Eligible Low-Income delivery rate consumers will continue to receive those benefits from National Grid.

Solar Electricity Consumers will not be impacted and will continue to receive their net metering credits while participating in the Program.

Exit Terms for Basic Service: There is no penalty charge for leaving National Grid's Basic Service, however, Industrial customers (G-2 and G-3) may receive a reconciliation charge or credit. If you have already chosen a Green Power supply option on your own, you must opt out of this Program. This will ensure you continue to receive your electricity from that Green Power Supply.

You can leave the Program any time after you've enrolled, with no early termination fees. If you leave the Program, your account(s) will be returned to National Grid's Basic Service on the next available meter read.

How to access information about Basic Service: visit www.mass.gov/info-details/basic-service-information-and-rates, or call National Grid at (800) 322-3223.

If you are receiving electricity supply from a competitive supplier and believe you have received this opt-out letter in error, you must sign and return the enclosed opt-out card. This will ensure you continue to receive your electricity from that competitive supplier and prevent any possible early termination fees.

Tax-exempt small business customers must provide a copy of their Energy Exemption Certificate directly to Constellation via email at CNETaxForms@constellation.com, fax at (877) 243-4968, or mail at Attn: Tax Team, 1001 Louisiana Street, Suite 2300, Houston, TX 77002, in order to maintain their tax-exempt status.

CUSTOMER SUPPORT & MORE INFORMATION

For more information, visit [MassCEA.com/Dighton](https://www.masscea.com/Dighton), or call (844) 627-7232.

To select an optional Dighton CEA product, or to opt out of the Program, please contact **Constellation** at (833) 461-0813, 24 hours a day, or email at vst@constellation.com.

Town of Dighton

Electric Supply Product Summary: Standard *From Dighton Community Electricity Aggregation*

You will receive an electric supply product from Dighton Community Electricity Aggregation. Your electric utility will continue to deliver the electricity you use to your home.

Price	10.470 cents per kWh. This does not include the price that your electric utility will charge you for the delivery component of your electric service.
Term	The above price will remain constant from enrollment to December 2023.
Early Cancellation Fee	There is no cancellation fee. You may leave this product at any time after you have enrolled with no fee or penalty.
Automatic Renewal	You will be automatically enrolled at a new price at the end of the contract term unless you inform the Town otherwise. The new price may be higher or lower than the existing price and the voluntary renewable energy content may change. The Town will contact you no later than 30 days before each automatic renewal to notify you of your supply options.
Renewable Energy Content	The Commonwealth of Massachusetts requires that all electric supply products include a minimum of 49% renewable energy resources in 2021, 51% in 2022, and 59% in 2023. This product meets the minimum requirement.
Rescission Period	If you received this form as part of an automatic enrollment notice, you have until the deadline indicated on the notice to opt-out and not be enrolled. You may leave this product at any time after you have enrolled with no fee or penalty.
Competitive Supplier Information	Dighton Community Electricity Aggregation is a Program of the Town of Dighton: MassCEA.com/Dighton . The Program is served by Constellation, DPU license number: CS-015, (844) 627-7232. Constellation is only responsible for the electric generation portion of your bill.
Electric Utility Information	National Grid will continue to deliver the electricity that you use in your home and is responsible for the delivery charges that appear on your monthly bill. If you have questions about the delivery portion of your bill, contact National Grid at (800) 322-3223, or by visiting its website at https://www.nationalgridus.com/ma-home/ .
The Massachusetts Department of Public Utilities recommends that consumers visit the Energy Switch website to view the broad range of available electric supply products, including your electric utility's basic service price. You can visit the website at http://energyswitchma.gov .	

Products described as Green contain additional Renewable Energy Certificates (RECs) above that required by MA law. The additional RECs qualify for MA Class I designation from generation located within, or delivered to, New England.
